SISLEY FALL/WINTER 2025 – AN URBAN, ESSENTIAL AND VERSATILE WARDROBE

Defined silhouettes, dynamic layering, and a balance of tailoring and contemporary flair: the Sisley Fall/Winter 2025 collection navigates the changing seasons and the depths of winter with a bold style, built around clean lines, technical details and warm materials.

WOMEN

The women's collection is characterized by a bohemian spirit fused with masculine codes, bringing elegance to formal looks. The colour palette is neutral – cream, sand, grey, black and brown – and centred around reimagined iconic pieces: belted coats, double-breasted blazers, high-waisted wide-leg trousers, structured vests and denim jumpsuits. Zips, contrast stitching and metal buttons add definition to the style, while denim and eco-leather lend a decisive touch to be combined with more feminine pieces. As winter approaches, the wardrobe softens with deeper tones and layered, cozy garments: oversized shirts, fluid midi skirts, ribbed knitwear, viscose dresses and monochrome ensembles in fabrics.

MEN

The Sisley FW25 men's collection offers minimalist and functional tailoring, designed for an essential yet sophisticated urban wardrobe. The palette moves from sand beige, paired with navy and hints of burgundy, to deeper shades like charcoal grey and black, via military khaki. Tailored trousers range from regular to wide fits, alongside more structured designs. Wool-blend knitwear includes 5-gauge cardigans and sophisticated textures. Formalwear is reimagined with a zip-up jacket and herringbone joggers, endowing the classic suit with a contemporary twist. With the colder months, outerwear becomes more decisive, featuring wool twill peacoats and smooth coats. Knitwear is enriched with bouclé yarns and chanteclair effects.

ACCESSORIES

The Sisley FW25 accessory line complements the season with practical and distinctive elements.

For women: bags in different styles – padded, fringed and satin mini bags – and oversized faux nappa leather designs. Footwear includes pumps, ankle boots, knee-high boots and mules, alongside belts, gloves, hats and scarves in check or pleated styles.

For men: travel bags, leather wallabees, reversible belts and wool beanies complete the wardrobe with style and functionality.

The Sisley FW25 collection is available in Sisley stores and online at [sisley.com](https://www.sisley.com).
