

## **UNDERCOLORS OF BENETTON**

### **Spring/Summer Collection 2012**

Colour, coolness, comfort and creativity characterise the **Undercolors** collection for **spring-summer 2012**. Exceptionally feminine, bright and modern in its ideas for women.

Moreover, a brand-new feature for the European market is the launch this season of ONE FITS ALL, a new range of super-comfortable underwear in a single size. An innovative cotton yarn adapts to feminine curves and, as the name says, one size fits all! Seeing is believing!

#### **Underwear**

**Garden Party** - Flowers, stripes and checks in mini and maxi versions, even matched together. Then lace and broderie anglaise for the basic styles of intimate apparel: cropped vests, chaste bras, panties and shorts, and all tenderly feminine. Materials are made for comfort: stretch or non-stretch soft cotton plus lots of microfibre and poplin for sleepwear. The colours are pastel hues typical of meadow flowers.

**Happy Hippie Life** - Basic articles in blazing colour and vibrant patterns in different sizes. Just like our dreams, our sleepwear is filled with black-and-white photo prints with brightly coloured details – for the whole family. And all in practical cotton jersey and microfibre.

#### **Beachwear**

**Color Block** - Not simply colourful bikinis and one-piece swimsuits but a creative mixture of brilliant, plain colours for each piece: matching inserts, piping and details in strong contrast. Not forgetting flowers and stripes with beach wraps and dresses in tonal or complementary shades available in jersey and Lycra.

**Safari city** - Tropical vines and blooms, geometric tribal motifs, ethnic touches and urban chic: civilisation and nature launch into a possible dialogue and inspire a range of stunning one-pieces and teeny-weeny bikinis matched with linen or cotton mesh and openwork knitted beach robes. Basic colours with shades of purple and lime.

**Punk** - Black. Indeed, ultra-black for a dark lady on the beach, pure seduction in a brazen bikini with large and small glittering sequins, mesh and openwork. In addition to black there's an immaculate white version that makes punk vibrations immediately fade into radiant elegance.
